# JAKO GELDERBLOM

## ASPIRING DEVELOPER

### About Me:

Hello! My name is Jako. I am passionate about Computers, Mechanical work and Gaming. I am new to the exiting developer world with basic experience in Software Development, I strive to improve and always aim to go forward. I enjoy both Web/Software Development and look forward to contributing my current basic skills to improve for the future. Im currently aiming to get a internship or Graduate program.

## WORK EXPERIENCE

**Construction manager (trainee)**
Oxford renovations and maintenance
*February 2019 to December 2021 (2 years and 10 months.)*

- Managed sites and workers
- Worked with clients to ensure satisfaction
- Planned work before hand to ensure deadlines
- Made sure materials was enough onsite to finish work

**Mechanical fitter**
Toyota
April *2023 to November 2024 (1 year and 7 months.)*

- Fit accessories of all Toyota vehicles.
- General repairs and services
- *Pre inspect new vehicles to ensure everything is correct and sign it off to ensure correction and safety for the new owner.*
- Work was fast and reliable, had very little comebacks.
